This is the most recent one of her framing Charlie (himes) as a stalker when in reality, she hasn't contacted Birdie at all recently.

Here's a silly little reply she made on here. Also, I understand she is 'trans' but she really isn't. Seeing this shit really shows her drawn out delusions. How does she deserve everything special? Excuse me, she isn't the one doing terrible things, You demand everyone to call you by your names but when she does it, it is somehow attention seeking? But then you get angry at her for using the word 'himes'. Hmm..

I swear to actual fuck people are so stupid. As far as I know, he didn't even do anything. He didn't fucking harass anybody, he didn't commit a crime, he didn't do shit.

It's immature and childish as hell to mass report someone for something as stupid as a joke that you took a little too personally. I mean, seriously. There are *worse* people on this site you could be reporting.

If you don't like someone, you simply fuck off. You block the user and you go on about your life. It's really that simple. They're really just begging for drama, aren't they?

Plus, even if they DID go and report him, what fucking evidence would they give to support their claim? Dumb shit he did a couple years ago that isn't even relevant anymore? Jesus.

And what gives a person any right to intentionally misgender someone? Sure, you might not agree with it, but it's respect. Want respect back? Earn it.
Even if you dub him to be a shitty person, misgendering someone on purpose is one of the shittiest things you can do. As a transguy myself, I've had to deal with it before and it's awful.

Sorry for the rant, people are idiots and Goat's server is full of indecent people. Because like, seriously. I'm glad at least some people said no to it. They luckily have their frontal lobe in tact.

lol, ik you get told this a lot, but I know maybe you don't see it, but I'm glad your trying to better yourself a lot this year. Your off doing your own thing, you found someone very nice who cares about you a lot, and you've inspired many people who look up to you.
Yes, I'm very aware your not perfect ((and bitch me too lol) and your no angel, but your no devil either fam. Your just..a human bean...
Tbh, I think the reason I look up to you about personally is that I had a favorite "fren" too who lowkey drilled into into my brain that I was a toxic pos, and would corner me and not let me speak until I finally accepted my part as the "big bad wolf" despite the fact that I did everything I possibly could to make them happy, and all I really wanted was for him to love me as much as he did his other friends..Granted, while I don't hate this person particularly ((because while one of their best frens tried to stir up drama to make me look like an obsessed monster recently, when actually I was lowkey was just venting about being traumatized, my ex fren has realized over time, and from talking to me, that he wasn't that great of a fren in actuality, and is extremely ashamed of what he's done to me and wants to change, and I really think he's got what it takes to do that)
Even so, it still kinda effects me sometimes, and while I can't 100% see your side of things exactly, nor can I say if some of the things you've done are justified, I can see how you feel the way you do, and I think that's why some people here feel the same way to. We might not think your perfect, but we see you as someone slightly similar, who keeps going on despite your flaws, and is in the process of changing.
I'm unable to be certain about some of your own "fren drama" ((more or less since I wasn't there, so I can't form a concrete opinion) but I think your feelings are genuine, and I know you were essentially dog piled at a young age, and maybe you took on the role of the "big bad wolf" because that's all you you were told that you were, and maybe like me, it traumatized you as well. Maybe the "big mean wolf" for you was a way for your brain to protect you from further harm, thus why sometimes you might find yourself having trust issues, and maybe having times of relapses, I get that, and I am truly sorry you have to deal with that. I have borderline personality disorder due to child sexual abuse trauma, so yegg, I understand self destructive behaviors. I'm still trying to fix it, and while imma not sayin u have bpd, and again, not trying to be some blind fan of yours, I can see how trauma could've made you make the past decisions you did. Not justify them, but at least make it understandable to people like me.
Anyways, have a nice day, take care, and go commit self love smelly!

Or else...
((But seriously..thank for being oki with me ventin abt shit here...I do appreciate ur kind words, and ik anyone else who's vented to you feels the same. Even if you don't write a whole chapter book of words, it does still mean something to someone that your at least there listening, so thanki!!! controversation Feb 6, 2020
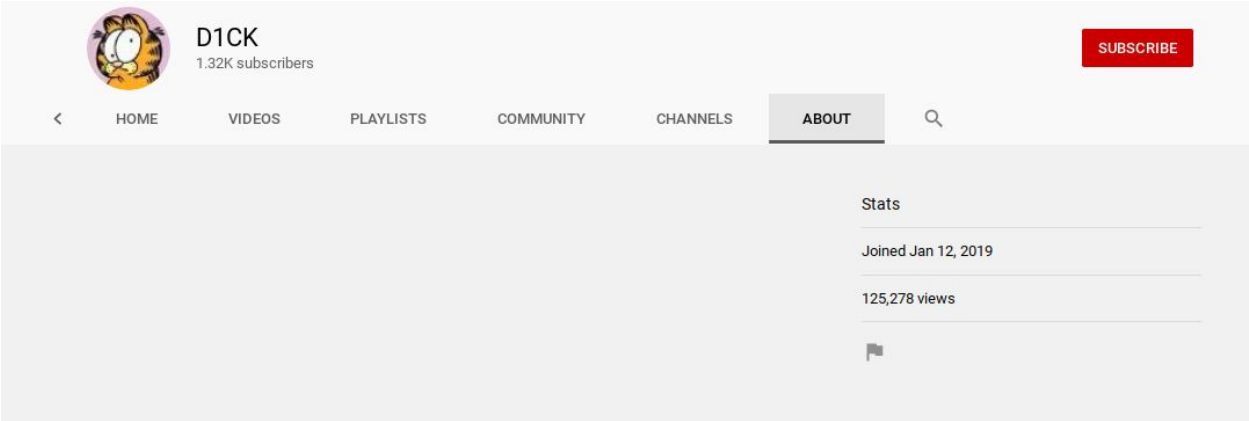
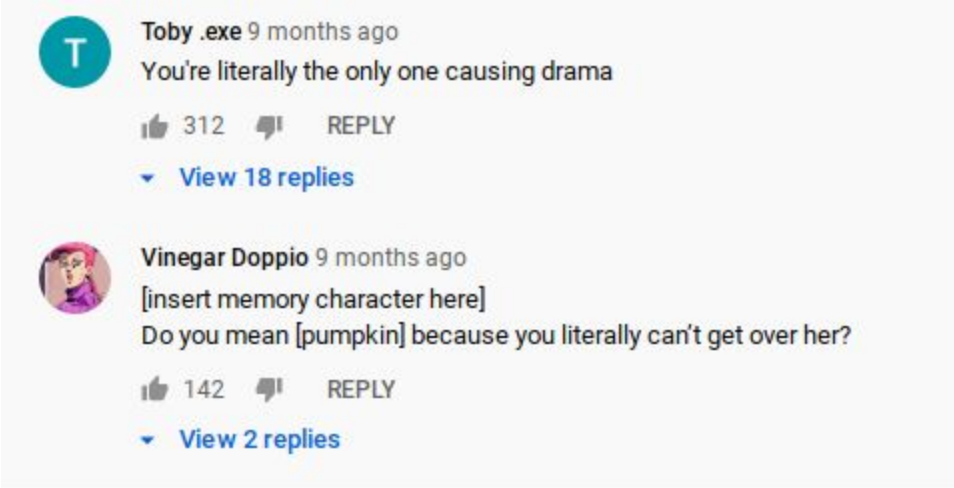
what do you think about the ocs of yours that have orange in their color palettes?
(since youve mentioned you have chrysophobia)
— Controversation
SpriteCranbirdie Feb 6, 2020
orange is kinda tolerable in small amounts, so i just try not to use too much of it if i need to use it

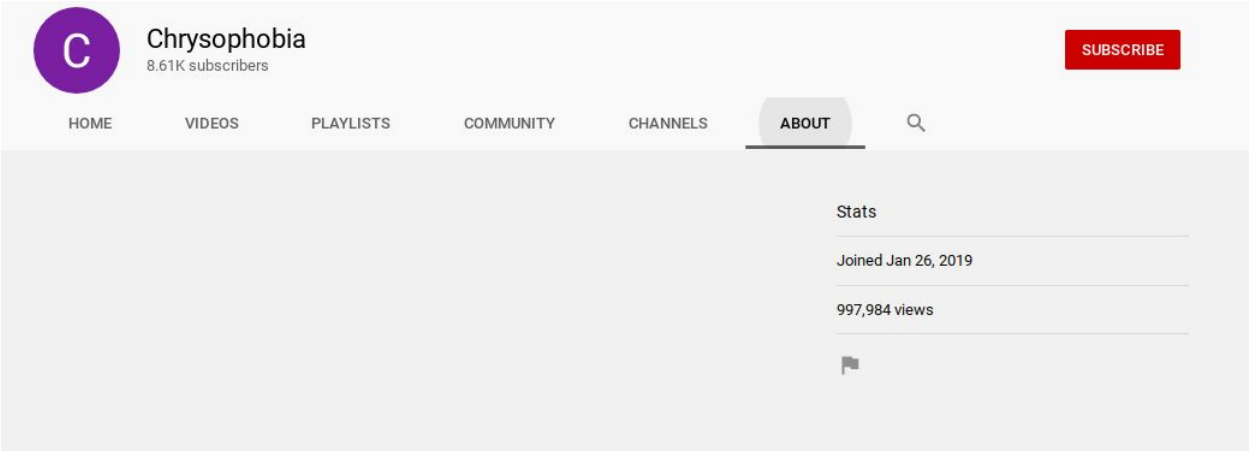
Birdie has this thing where she fakes having a phobia of orange to further push the narrative that Charlie is ‘abusive’. Total emotional manipulation.



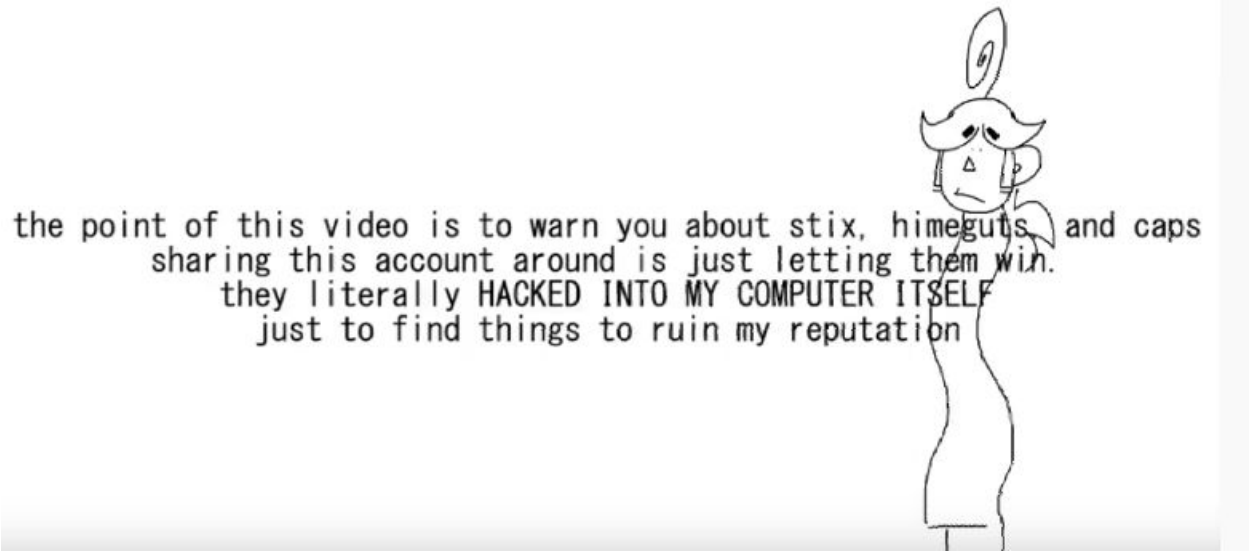
Speaking of emotional manipulation, here is another one of her vent accounts.
https://www.youtube.com/watch?v=_PmwKeHequo
Here’s a ‘nice’ little video where SHE takes things OUC and tries to push the narritive that Charlie being sexual while in a sexual relationship where two were both equally sexual was ‘abuse; and how she was ‘using her’. But anyone with a functioning brain, unlike Birdie, can tell you that the screenshots were taken out of context and a lot of her replies were deleted to look innocent. Everyone *else* is somehow editing screenshots and taking things OUC, not you huh Birdie? And then they try to explain it with THEIR narrative instead of providing proof.
Saying words with OUC screenshots isn’t ‘proof’. You know this and you falsely accuse others for doing it when they don’t. Lovely how you leaked all that NSFW of Charlie too, makes you look ‘even better’. She literally pretends to be someone else in the video too.
https://www.youtube.com/watch?v=45BgaOkxfnY
Also really makes you look ‘sweet and friendly’ when you make disgusting videos sexually harassing someone who wants to move on. But no? You’re the victim? Yeah uh huh sure.
https://www.youtube.com/watch?v=fG7mk-uEgbA



Feel free to click on that video and see for yourself, that is her actual channel. I know this is 9 months ago but already proven to you that nothing fucking changed.



Another vent account made for emotional manipulation. Already mentioned before but I'm going backwards with the timeline. This doc is all over the place but it's main purpose is to show everything. Kinda like a bulletin board of shit behavior.
https://www.youtube.com/watch?v=6tiD3woiaKU
Extra emotional manipulation.
"I know you think i didn't keep my promise about changing but in my eyes this is just a vent account so i dont really see much to get worked up about- its not heatlthy to keep emotions bottled up, ya know?"
Well gee, Birdie. You know what else isn't healthy? Making vent videos falsely framing someone as a whore and an abuser when you are the one that won;t let go, not them. You are the one constantly harassing them.



the point of this video is to warn you about stix, himeguts, and caps
sharing this account around is just letting them win.
they literally HACKED INTO MY COMPUTER ITSELF
just to find things to ruin my reputation

Ok zoomer.
https://www.youtube.com/watch?v=09416zARkeo&t=9s
Manipulation. Pure manipulation.
You know what's really fucked that I think folks should really actually think about? Imagine you get into drama with your friends, and then you try to move on… Only for that person to constantly harass you, constantly stalk you, constantly remind you of your past mistakes and tell their audience that you are this god awful abuser when you are not. Leak your DMs, make videos mocking you for being a whore, make videos making fun of your art, getting everyone else to laugh at you, making fun of you when you want to kill yourself. Never. Leaving. You. The. Fuck. Alone…… And yet, people still believe her and not you because you have less of a following than them. Do you know what that must feel? But no, Birdie is somehow right? Fuck off with that bullshit.
https://www.youtube.com/watch?v=ZzkPBAMN5Yk
Back to Goat. Yeah, she wasn't the one to start drama. If you make a video talking about a breakup and framing it like you're the victim- don't expect that person to not respond. Especially when you accuse her of talking screenshots OUC like the sashly drama. ALso, way to use her old drama against her? But nooo, God forbid someone bring up old drama with you.

Yeah uh huh…… So you're not an attention seeker and everyone else is? Right.

toybonniethebonnie Feb 5, 2020 Hobbyist Digital Artist
on your edgy jack account, did you just make memes to make everyone think you arent you- or did you just have fun making memes? im so confused yhfjd

(the question that was asked lol)
Oh yeah, Brdie's alt account. Fun.

Here's a video where he claims he is a creator of the Runnin In The 90s animation meme, kinda disrespectful considering you know damn well this was done before. You can;t be all 'kidcore' and 'scenecore' but then turn a blind eye about one of the most popular nostalgic animation memes. Yay for manipulation!

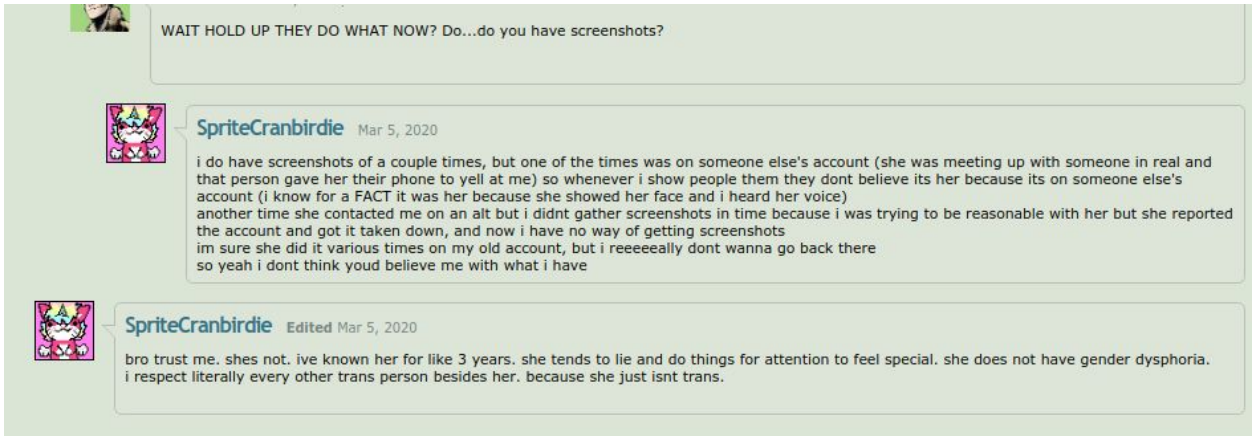
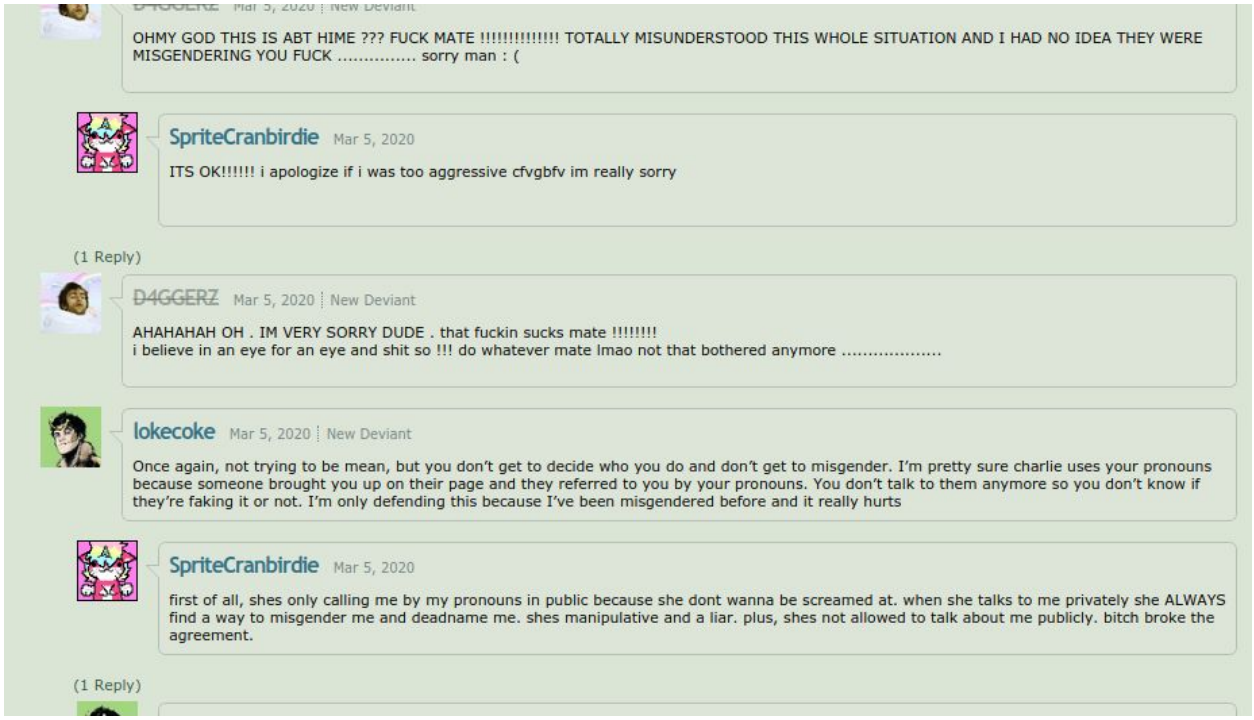
Hey uhhh I get that you're upset and you have a good reason to be, but maybe dont misgender someone and call their name stupid? I'm non-binary myself and I wouldn't like it if someone did that to me..
SpriteCranbirdie Mar 4, 2020
its not misgendering. shes not trans.
D4GGERZ Mar 5, 2020 | New Deviant
mate i am gonna spin your jaw in a minute what the fuck . i'm not entirely sure what this is about, but mate . you don't decide whether or not someone is trans . they do . you don't know anything about their experiences so i realy don't think it's right to misgender them purposefully . i'm not gonna have a pop at you yeah ? i used to be a truscum, so i can't really say SHIT about misgendering people because i used to do it all the time in the past . please just think about how this makes people feel, and how bad you feel when people misgender you .
SpriteCranbirdie Mar 5, 2020
oh, and also? she did the same fuckin thing to me. every time she contacts me she intentionally calls me she or ms or my deadname at any chance she gets. so why cant i do the same? is she just better than me?
lokecoke Mar 5, 2020 | New Deviant
WAIT HOLD UP THEY DO WHAT NOW? Do...do you have screenshots?

Birdie can decide whether or not someone is trans and misgender whoever they want, but dont you dare do that to her!!111!!!



WAIT HOLD UP THEY DO WHAT NOW? Do...do you have screenshots?
SpriteCranbirdie Mar 5, 2020
i do have screenshots of a couple times, but one of the times was on someone else's account (she was meeting up with someone in real and that person gave her their phone to yell at me) so whenever i show people them they dont believe its her because its on someone else's account (i know for a FACT it was her because she showed her face and i heard her voice)
another time she contacted me on an alt but i didnt gather screenshots in time because i was trying to be reasonable with her but she reported the account and got it taken down, and now i have no way of getting screenshots
im sure she did it various times on my old account, but i reeeeeally dont wanna go back there
so yeah i dont think youd believe me with what i have
SpriteCranbirdie Edited Mar 5, 2020
bro trust me. shes not. ive known her for like 3 years. she tends to lie and do things for attention to feel special. she does not have gender dysphoria. i respect literally every other trans person besides her. because she just isnt trans.

SHe doesn't have screenshots and makes up a story explaining why she doesn’t. Complete bullshit. Fucking hypocrite.



OHMY GOD THIS IS ABT HIME ??? FUCK MATE !!!!!!!!!!!!!! TOTALLY MISUNDERSTOOD THIS WHOLE SITUATION AND I HAD NO IDEA THEY WERE MISGENDERING YOU FUCK ..... sorry man : (

Once again, not trying to be mean, but you don’t get to decide who you do and don’t get to misgender. I’m pretty sure charlie uses your pronouns because someone brought you up on their page and they referred to you by your pronouns. You don’t talk to them anymore so you don’t know if they’re faking it or not. I’m only defending this because I’ve been misgendered before and it really hurts
SpriteCranbirdie Mar 5, 2020
first of all, shes only calling me by my pronouns in public because she dont wanna be screamed at. when she talks to me privately she ALWAYS find a way to misgender me and deadname me. shes manipulative and a liar. plus, shes not allowed to talk about me publicly. bitch broke the agreement.

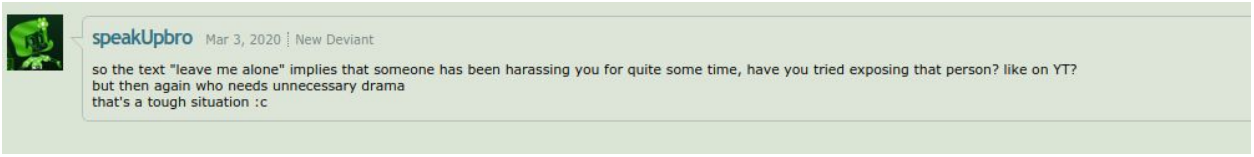
Yeah they ‘totally’ ruined your life, dude. Says the one constantly harassing the shit out of them and making them out to be the bad guy when they fucking moved on and you didn’t.

Also, proof? Hiding the comments and making it seem like someone said something they probably didn't, now where have I seen that before? Pfftt, sounds like something Mafia did with the whole pedophile thing. What trash.



speakUpbro Mar 3, 2020 | New Deviant
so the text "leave me alone" implies that someone has been harassing you for quite some time, have you tried exposing that person? like on YT?
but then again who needs unnecessary drama
that's a tough situation :c

SpriteCranbirdie Mar 3, 2020
well yeah ive tried exposing them, since i was 12. everyone believes shes innocent tho and im currently not allowed to talk about her anymore (working on getting that agreement undone) so its pointless.
speakUpbro Mar 9, 2020 | New Deviant
but if you successfully undo the agreement they will be able to talk about you too. also wasn't this a peaceful agreement? like ment to not continue any drama? and what would you do if the agreement would've been cancelled? I'm sorry if I'm asking too many questions

Emotional manipulation yet again!! What a shocker!! Also, you are trying to get the agreement undone? Why? Is it because they fucking moved on and you didn't? Bitch there's no agreement, you already talk about her on a daily basis.

Hey so idk if u already know this but like someone made a fucking unikitty gacha character and named it peachilicious which sounds a whole lot like pinkilicious. This ""character"" also looks like a ripoff, her horn is the same colors done up in the same way and her hair is like pinkilicious' hair but longer and with more colors and just everything about this ""character"" screams pinkilicious ripoff . this was just posted on december 15th . The person who made this is known to be a character and art thief i believe. I mean they literary use gachalife as an art program so yeah.

I don't think this character is a full on rip off of pinkilicious but I do agree that the character's name and the horns being identical makes it obvious it's heavily(?) inspired

Birdie owns names and unicorn cats now, guys!!!! OMg!! /s
But no, if this wasn't already stolen (which they didn't know that), there would be no issue.
Hyena, you have ever fucking right to draw that character. Birdie doesn't own shit.
Also (i say also a lot), Birdie you had a gacha life video on your alt account. I don't care if you were meming, don't be a hypocrite- oh wait, that's impossible.

ALso beware this video, A video about mocking the drama. Main character? The character she stole.

Okay okay, might be continued. I’m missing some things and I’m tired, WILL continue.
But honestly, if you think Birdie is not in the wrong so far- you are fucking stupid. Like.. You are so dumb that you should be locked away. I’ve provided with enough so far, and I STILL have more stuff to add. I only made this so I don’t look like one of those baseless freaks without proof- because I KNOW I have proof and here it fucking is.
My suggestion? Report Birdie’s account for harassment. Harassment is fucking illegal, so is stalking. This isn’t okay and I’m tired of everyone treating it like normal drama. It used to be drama, but now it is clear harassment. Everyone else moved on.

Enjoy, will be back to add more. DM me if you have more to add, my DA is @KittyScratchLetters.
